WEALTH CANNOT BUY HEALTH.
As evidence of this fact we would refer
you to the testimony below, given
unprompted by Mr. Windecknecht, a
wealthy Muskegon county farmer, who
was prompted by a purely philanthropic
motive to make known to his friends
and others what "Dr. Wheeler's
Nerve Vitalizer" has done for him.
This gentleman who is well and favor-
ably known for miles around his home,
had spent many dollars to be cured,
and many anxious hours trying to de-
termine what cruel fate had next in
store for him. He would willingly
trade his broad acres for the blessing
of health; but where and to whom? Not
to the practitioner for, as he states,
they could not cure him. One of Mon-
tague's most prominent and honorable
druggists, knowing of Mr. Windeck-
necht's trouble, and also of what Dr.
Wheeler's Nerve Vitalizer had done
for others, recommended its use. Mark
you, it required but a small sample
bottle to satisfy Mr. Windecknecht
that it was the remedy needed, and
but two of the regular size to cure him
absolutely. His health was regained
and his broad acres were saved to him,
and he is now enjoying them in full
health and vigor. Here we give you
his plain, honest statement, with-
out any embellishment to make it sen-
sational:
MONTAGUE, Mich., Nov. 13, 1893.
William Windecknecht, a wealthy
farmer of Muskegon county, personally
appeared before me, a Notary Public,
this day, and deposes and says, "That
for the past year or so he was afflicted
with Weakness, Trembling, Heart
Failure, Extreme Nervousness, Head-
ache and General Debility; that he has
consulted with physicians and received
no benefit. He was persuaded by a
friend to try a sample bottle of Dr.
Wheeler's Nerve Vitalizer, and he says
that the trembling and nervous feeling
was immediately stopped by its use.
Afterwards he used two bottles of the
same medicine and says he is entirely
cured and free from that trembling
sensation; his heart gives him no
trouble and he sleeps well. He further
says that his general health is much
better, and that he is calling the at-
tention of his neighbors and friends to
the remarkable value of Dr. Wheeler's
Nerve Vitalizer."

Outing Costumes for Ladies.
French outing costumes have a skirt
perfectly plain. Some models, how-
ever, with overdresses and draperies
are also popular. Many a short full
coat has a double-breasted vest, cut
lower than last year. Some new im-
portations have also full cross skirts set
on it. The very long coat is still seen.
As for the jackets, the "Garon de
cafe" and new varieties of the "Eton"
jackets are the favorites. These are
made particularly attractive and styl-
ish by revers and cape effects, which
are produced in many novelties. The
fashions of fashion are taken from the Mc-
Dowell Fashion Journals, which as us-
ual, contain an endless variety of mod-
els. In the way of inducements, these
magazines offer patterns of the latest
styles which can be secured at very
moderate prices by means of coupons.
They also offer \$1.00 worth of patterns
as a premium for a yearly subscription
to either of these journals except the
"La Mode" which only gives fifty cents
worth of patterns as a premium.

myself, but I caught on to the trouble
one day and got rid of it in no time."
George—"What was it?"
Charley—"Simply blood eruptions.
Took a short course of P. P. P. I tell
you it's the boss blood corrector. The
governor had rheumatism so bad that
you could hear him roller clear across
the country every time he moved. He
tried it, and you know what an athletic

thank them afterwards. All the drug

MAIMED FOR LIFE.
John Duck of Toledo Badly Mangled at
Perrysburg.
As C. H. & D. train No. 5 arrived at
Perrysburg at 10:34 a. m. Thursday, a
young man jumped from the forward
end of the mail car, just as the train
was about to cross Louisiana ave. He
failed to let go of the iron platform rail
and was dragged about 40 feet and fell
in such a manner as to throw his right
arm under the wheels. The arm was
torn into shreds and cut off just above
the wrist.
His skull above the right eye was
crushed and the face badly mangled.
Sam Bradbrook conveyed him to Dr.
Rheinfrank's hospital where Drs.
Rheinfrank, Hamilton and Roether
amputated the arm a few inches below
the shoulder. A large piece of bone was
removed from over the eye and the
patient is doing as well as possible.
The boy's father was informed and he
arrived a short time after the opera-
tion was completed. He says the boy
was the oldest of a family of six child-
ren. He was a press feeder and com-
positor and had been employed in
Toledo printing offices, but was out of
work. Together with his brother 12
years old, he boarded the train to go to
East Toledo, but the train did not stop,
and as they came into Perrysburg they
thought it would not stop here, and
as they did not want to go farther away
from home, concluded to jump off with
the result as stated above.

STONY RIDGE.
April 23.—This is rather cold weath-

but we had our nice weather last
month.
Sarah Furry commenced her spring
term of school here to-day.
Cora Emery, who has been visiting
relatives and friends here for a few
weeks, returned to her home in Dun-

William Swartz formerly of this
place but now of Holland, and Clara

in marriage last Thursday by Rev.
John Borne of this place. They left
the same day for their new home in
Holland. May success and happiness
accompany them, is the wish of their
many friends.
August Henry shipped a car load of
nice fat cattle last Saturday.
E. F. Metzgar our P. M. has the

G. W. Wagener is pushing the work
on his new building right along.
E. M. Rowe, station agent here,

Dennis O'Leary, trustee in Lake
township, had four teams at work on the
pike last Friday, hauling crushed
stone to repair the bad places, which
improves it very much. If other
townships would do likewise the old
pike would soon be in good shape.

April 20.—E. F. Metzgar is home

much of a hurry about getting married.

Criticising a Young Lady.
"She would be a pretty girl but for
one thing."
"What's that?" asked Charley.
George—"Her face is always covered
with purple and red blotches."
Charley—"Oh that's easily enough
disposed of. Used to be the same way
myself, but I caught on to the trouble
one day and got rid of it in no time."
George—"What was it?"
Charley—"Simply blood eruptions.
Took a short course of P. P. P. I tell
you it's the boss blood corrector. The
governor had rheumatism so bad that
you could hear him roller clear across
the country every time he moved. He
tried it, and you know what an athletic
old gent he is now. If somebody would
give Miss Daisy a pointer she would
thank them afterwards. All the drug
stores sell it."

the fences and trees along the road.

OBSERVANCE OF ARBOR DAY.
In district number seven, of which
Hiram R. Charles is teacher, was held
a very interesting celebration of Arbor
day. After the reading of various
sketches, there were four trees planted
for the beauty and benefit of the school
yard. The attendance of the parents
was fair, there being, as there gener-
ally are, about twenty ladies to one
gentleman. Mrs. Jeannette Charles of
district number fourteen, with her
school was also in attendance at the
celebration, and the excellent manner
in which her school behaved showed a
mark of good training. The following
was the programme:
Reading—H. R. Charles.
Invocation in concert—Harvey Kaz-
maier, Albert Broka, Mary Dibert,
Donna Duhamell, Addie Underhill,
Becca Johnson, Mable Hatcher and
